Mission

Women Belong is a membership organization with the goal of connecting a diverse group of working women at all stages and levels of their career. We encourage a collaborative approach to foster growth and development of our own and each other's businesses.

It is through deeper personal relationships that we find more meaning in our work and better opportunities to refer each other. Women Belong is an organization for women-identified, who see their work as a meaningful path of service and strive to author a more engaged, inclusive and abundant future.

Stay in Touch
